

Core Services

Support Restaurant Startups

Central Kitchen and Dining

Cooking Workshops

Greenhouse

The center should provide resources for individuals wanting to start a restaurant or a food cart. In addition to offering training, the space offers the food cart fabrication and assembly space.

There is a space for dining and kitchen. Large gatherings and small market gettogethers can take place in this interior gathering space. Visiting chefs of varying can visit during themed festivals to celebrate cultural cuisines.

Educational opportunities are provided for the community through cooking classes and workshops. In addition to this, education in urban farming is also offered through the center's greenhouse.
