

Core Services

Music Performance Venues

Spaces for music performances create community engagement through a cultural activity. Music brings all members of the community together through a shared language and experience.

Small Business Owner Services

Store space and services provide small business owners with necessary support for operation. Live-work spaces create easiness and convenience as well as dwellings and homeownership. Locally owned businesses put money back into the local economy and support the music performances.

Music and Business Education Services

Facilities for musicians to give lessons to the community allows for youth to connect to elderly and share conversation and dialogue through shared interest creating positive community interaction. Aspiring musicians and music passionate community members learn to turn interests into productive business.

Community Engagement
